

Day 01

Day 02

11:00

Registrations

12:00

Ekaterini Tzamariudaki

KM3NeT Experiment

12:30

Anastasia Soultati

Microelectronics

12:30

13:00

Konstantina (Dina) Mergia

Nuclear Fusion: Materials' Challenges

13:15

Stefanos Aretakis

Black Holes' Dynamics

13:15

14:00

CV Career Workshop

by Katianna Efstathiou

14:30

Science Slams

14:30

15:00

Evangelos Magnisalis

Orthopaedic & Musculoskeletal Biomedical Engineering - Applications and Case Studies

15:30

Nikos Pleros

Photonics for AI Computing and Communications

15:30

16:00

Anastasios (Tassos) Bountis

Dynamical Systems and Chaos: A Mathematical Perspective

16:15

Panagiotis Dimitrakis

Quantum Computing

16:15

17:00

18:00

Poster Session

An opportunity to make science accessible and interactive where researchers transform their work into vibrant posters and attendees can engage directly with them.

Booths

A lively showcase of cutting-edge projects and initiatives brought to you by our dynamic network of collaborating societies and organizations.
