

## **Internship in Supply Chain & Operations, in EY**

Join our continuously growing team, which employs over **2.500 professionals in Greece**, and is listed in **Greece's Top Employers, Great Place to Work and Best Workplaces for Women for 2024!**

The Supply Chain Optimization (SCO) team operates within our Core Business Services and is comprised of experts in Supply Chain Management, Logistics, Procurement, Planning & Synchronization and Process Improvement.

### **The opportunity:**

As a Consulting Intern in Supply Chain and Operations (SCO), you will have the opportunity to explore a unique professional path supported by a global scale, inclusive culture, and advanced technology.

### **Key Responsibilities:**

- Collaborate with internal and external stakeholders to design and implement effective supply chain strategies
- Use Digital tools and solutions to optimize processes and operations, across the Supply Chain, to enhance efficiency and sustainability
- Conduct research and data analysis to support consulting projects and initiatives

### **What We Look For:**

- Curiosity and inclusiveness
- Passion for understanding supply chain; evidenced through university projects, internships, case studies, and other relevant experiences
- Great knowledge of MS Office (Word, Excel, Power Point)
- Keen to learn and apply AI tools
- Fluency in English language

### **What's In It for You:**

- Accelerate your technical capabilities
- Broaden your horizons
- Bring out the best in yourself

## **EY | Building a better working world**

EY exists to build a better working world, helping to create long-term value for clients, people and society and build trust in the capital markets. Enabled by data and technology, diverse EY teams in over 150 countries provide trust through assurance and help clients grow, transform and operate.
